

Attention Teachers

The New Mexico Museum of Natural History is proud to announce the opening of a new school group entrance located at the northwest corner of the building. This new entrance will play a major part in improving the experience of the students, as well as making the check in process easier on you, the teacher. Also, this room will double as an eating area in the case of inclement weather. Once you've made your reservation here at the Museum, ask one of our group reservationists about the new School Group entrance. We look forward to seeing you during the new school year!
