

Greetings Junior Docent Applicant!

Thank you for applying in the Junior Docent program and wanting to spend your summer at the New Mexico Museum of Natural History and Science! The Junior Docent program is an exciting opportunity for you to expand your scientific literacy, grow as an educator and customer service provider, and an opportunity to explore potential career paths in Museums.

Since its inception the JD program has grown in scope to become a staple within the Museum creating an atmosphere in which Junior Docents are an integral part of the Museum community. Junior Docents make their mark on the Museum in many ways, including developing of activities for content-based carts staffed in the exhibit halls. JD work opportunities continue into the school year for those who wish to continue their involvement in the Museum and include such duties as assisting with seasonal camps.

This summer is going to be exciting with lots of science-filled fun including working in the exhibit galleries, special projects, and JD only workshops and excursions! With the “Da Vinci the Genius” exhibit at the Museum we will have a fun time exploring work of a brilliant scientist, naturalist, tinkerer and artist in addition the biology, geology, paleontology and space sciences that is a part of our Museum.

The schedule for this year is as follows:

March 15 Application due date (applications will continue to be accepted depending on availability)

March 19 – 25 New JD interviews

April 15 Initial Acceptance notification

June 4-8 Training Week

June 9 – July 27 Museum work

July 27 End of Summer Shindig (5:30 – 8:00pm)

Below you will find the application for the 2018 Junior Docent Program. Please fill it out as clearly and legibly! The program fee is \$175 and limited financial assistance is available. If you have any questions, please feel free to contact me at any time.

Thank you again for your interest! This summer will be fun!

Kelly White, Junior Docent Coordinator
